

Stats 620 Final Exam

- The exam will be in the usual classroom (1512 CCL), on Monday April 24, 1:30-3:30. Four questions will cover the material since the midterm, and one question will be based on material in the first half of the course.
- You may bring two single-sided sheets of notes. **You are not allowed a calculator or any other electronic device.**
- Questions will involve material covered in class notes and in homework problems. Material appearing only in reading assignments will not be required, but may contain useful techniques.
- Past papers & solutions are on the website.
- Credit will be given for clear explanation and justification, as well as for the correct answer.
